

Lifeboat, Rescue Boat & Davits System

Lifeboat / Rescue Boat

GRP closed lifeboat / rescue boat is suitable for atrocious weather, such as ocean vessels and tankers. F type has high flame retarding performance and can double as lifeboat and rescue boat.

Open Lifeboat

GRP open life boat is an economical series and can meet needs of common life saving, and is thus applicable for waterway vessels and offshore vessels.

Lifeboat Davit

Davit is a freestanding deck mounted davit consisting of a davit arm, column and winch. The system is suitable for safe and efficient launching and recovery of a fully manned rescue boat against unfavourable conditions of trim of up to 10 degrees and a list of up to 20 degrees either way.

The davits meets the latest IMO/SOLAS requirements and LSA Code as well as the European Council Directive 96/98 EC on Marine Equipment (M.E.D.)

Rescue Boat

SOLAS-CE approved Narwhal rescue boats can be fitted in all vessels with Community flag and in any country where SOLAS rules were accepted. Each boat is supplied with its corresponding Conformity Declaration, with its identification plate and with the maintenance and use manuals.

The production of all NARWHAL boats, including the rescue boats, is endorsed by the System of Quality ISO 9001:2000 N°2388-2005-AQ-BAR-ENAC.

Serviceing of Lifeboats & Lauching Appliances

We can provide services for Lifeboats, Rescue Boats & Lauching Appliances for all vessel. The service is carried our under approval.

With other vessels, we can provide service either under approval of Lifeboats Maker or with attendance of Class Surveyor.

Lifeboat & David 5-year testing is carried out by using Water Bags which very convenient and safe when ship is anchoring or dry doc.
